EXHIBIT B
GENERAL TERMS AND CONDITIONS
PROFESSIONAL SERVICES

1. Relationship between Consultant and Client.

LN,CO, LLC. ("Consultant") shall serve as the Client's professional consultant in those phases of the Project to which this Agreement applies. The relationship is that of a buyer and seller of professional services and it is understood that the parties have not entered into any joint venture or partnership with the other. Consultant shall not be considered to be the agent or fiduciary of the Client.

2. Responsibility of Consultant. Consultant will perform services under this Agreement in a manner consistent with that standard of care and skill ordinarily exercised by members of the profession currently practicing in the same locality under similar conditions (the "Standard of Care"). No other representation, warranty or guarantee, express or implied, is included or intended in this Agreement or in any report, opinion, document, or otherwise.

3. Responsibility of the Client. Client shall provide all information and criteria as to its requirements for the Project, including budgetary limitations. Client shall arrange for Consultant to enter upon public and private property and obtain all necessary approvals required from all governmental authorities having jurisdiction over the Project. Client shall give prompt written notice to Consultant whenever Client observes or otherwise becomes aware of any development that affects the scope or timing of Consultant's services.

The Client shall promptly report to the Consultant any defects or suspected defects in the Consultant's services of which the Client becomes aware, so that Consultant may take measures to minimize the consequences of such a defect. Should legal liability for the defects exist, failure by the Client to notify the Consultant shall relieve the Consultant of any liability for costs of remedying the defects above the sum such remedy would have cost had prompt notification been given when such defects were first discovered.

4. Construction Phase Services. If Consultant's scope of services includes the observation and monitoring of work performed by Client's separate contractors, Consultant shall provide personnel to observe and monitor the work in accordance with the Standard of Care in order to ascertain that it is being performed, in general, in accordance with the plans and specifications. Consultant shall not supervise, direct, or have control over the contractor's work. Consultant shall not have authority over or responsibility for construction means, methods, techniques, sequences or procedures or for safety precautions and programs in connection with the work of the contractor. Consultant does not guarantee the performance of the construction contract by the contractor and does not assume responsibility for the

contractor's failure to furnish and perform its work in accordance with the plans and specifications.

In the event Consultant's scope of services does not include the observation and monitoring of work performed by Client's separate contractors, the Client assumes all responsibility for construction observation, and Client waives any claims against Consultant arising therefrom.

5. Designation of Authorized Representatives. Each party shall designate one or more persons to act with authority on its behalf with respect to appropriate aspects of the Project. The persons designated shall review and respond promptly to all communications received from the party.

6. Ownership of Documents. All reports, notes, drawings, specifications, data, calculations, and other documents, including those in electronic form prepared by Consultant are instruments of Consultant's service that shall remain Consultant's property. The Client agrees not to use Consultant generated documents for projects other than the project for which the documents were prepared by Consultant, or for future modifications to the Project, without Consultant's express written permission. Any reuse or distribution to third parties without such express written permission or project-specific adaptation by Consultant will be at the Client's sole risk and without liability to Consultant or its employees, subsidiaries, and subconsultants.

7. Opinion of Costs. When required as a part of its scope of services, Consultant will furnish opinions or estimates of construction cost on the basis of Consultant's experience and qualifications, but Consultant does not guarantee the accuracy of such estimates. The parties recognize that Consultant has no control over the cost of labor, material, equipment, or services furnished by others or over market conditions or contractors' methods of determining prices.

8. Changes or Delays. In the event new developments or circumstances beyond the control of Consultant require a change in the scope of services or schedule, Consultant shall be entitled to an equitable adjustment to the fee and/or schedule. Such events include, but are not limited to, unreasonable delays caused by Client's failure to provide specified direction or information, delays caused by Client's other contractors or consultants, or if Consultant's failure to perform is due to any act of God, labor shortage, fire, inclement weather, act of governmental authority, failure of transportation, accident, power failure, or interruption or any other cause beyond the reasonable control of Consultant.

EXHIBIT B
GENERAL TERMS AND CONDITIONS
PROFESSIONAL SERVICES

9. **Suspension of Services.** Client may, at any time, by written notice, suspend further services by Consultant. Upon receipt of such notice, Consultant shall take all reasonable steps to mitigate costs allocable to the suspended services. Client, however, shall pay all reasonable and necessary costs associated with such suspension including the cost of assembling documents, personnel and equipment, rescheduling or reassignment costs necessary to maintain continuity and the staff required to resume the services upon expiration of the suspension. Consultant will not be obligated to provide the same personnel in the event the period of any suspension exceeds 30 days.
10. **Termination.** This Agreement may be terminated by either party upon 30 days' written notice to the other party. Upon such termination, Client shall pay Consultant for all services performed up to the date of termination. If Client is the terminating party, Client shall pay Consultant all reasonable cost and expenses incurred by Consultant in effecting the termination, including but not limited to non-cancellable commitments and demobilization costs, if any.
11. **Indemnification.** Consultant shall indemnify and hold harmless Client from and against those damages and costs (including reasonable attorneys' fees) that Client incurs as a result of third party claims for personal injury or property damage to the extent caused by the negligent acts, errors or omissions of Consultant. To the fullest extent permitted by law, Client shall indemnify and hold harmless Consultant from and against those damages and costs (including reasonable attorneys' fees) that Consultant incurs as a result of third party claims for personal injury or property damage to the extent caused by the negligent acts, errors or omissions of Client.
12. **Legal Proceedings.** In the event Consultant or its employees are required by Client to provide testimony, answer interrogatories, produce documents or otherwise provide information in relation to any litigation, arbitration, proceeding or other inquiry arising out of Consultant's services, where Consultant is not a party to such proceeding, Client will compensate Consultant for its services and reimburse Consultant for all related direct costs incurred in connection with providing such testimony or information. This provision shall not apply in the event Client engages Consultant to provide expert testimony or litigation support, which services shall be the subject of a separate agreement or an amendment to this Agreement.
13. **Successors and Assigns.** The terms of this Agreement shall be binding upon and inure to the benefit of the parties and their respective successors and assigns; provided however, that neither party shall assign this Agreement in whole or in part without the prior written consent of the other party.
14. **Insurance.** Consultant agrees to maintain minimum required insurance coverage for General Liability, Automobile General Liability, Workers Comp, and Errors and Omissions
15. **Information Provided by the Client.** Consultant shall be entitled to rely upon, without liability, the accuracy and completeness of any and all information provided by Client, without the obligation of independent verification.
16. **Consequential Damages.** Neither Client nor Consultant shall be liable to the other or shall make any claim for any special, incidental, indirect or consequential damages arising out of, or connected in any way to the Project or this Agreement. This mutual waiver includes, but is not limited to, damages related to loss of use, loss of profits, loss of income, loss of reputation, loss of business or diminution of property value and shall apply regardless of legal theory such damages are alleged including negligence, strict liability, breach of contract and breach of warranty.
17. **Payment.** Unless agreed to otherwise, Consultant shall submit monthly invoices to the Client. Payment in full shall be due upon receipt of the invoice. Payment of any invoices by the Client shall be taken to mean that the Client is satisfied with the Consultant's services to the date of the payment and is not aware of any deficiencies in those services. If payments are delinquent after 30 days from invoice date, the Client agrees to pay interest on the unpaid balance at the rate of one percent (1%) per month. If the Client fails to make payments; then Consultant, after giving seven (7) days written notice to the Client, may suspend services until the Client has paid in full all amounts due for services, expenses, and other related charges without recourse to the Client for loss or damage caused by such suspension. The Client waives any and all claims against the Consultant for any such suspension. Payment for Consultant's services is not contingent on any factor, except the Consultant's ability to provide services in a manner consistent with that Standard of Care. Payment of invoices shall not be subject to any discounts, set-offs or back-charges unless agreed to in writing by both parties. If the Client contests an invoice, the Client may withhold only that portion so contested and shall pay the undisputed portion, after the Client has notified Consultant in writing within 30 days of receiving the invoice and shall identify the specific cause of the disagreement and the amount in dispute.

EXHIBIT B
GENERAL TERMS AND CONDITIONS
PROFESSIONAL SERVICES

18. **Force Majeure.** Neither Client nor Consultant shall be liable for any fault or delay caused by any contingency beyond their control, including but not limited to, acts of God, wars, strikes, walkouts, fires, natural calamities, or demands or requirements of governmental agencies.
19. **Compliance with Laws.** To the extent they apply to its employees or its services, Consultant shall exercise due professional care to comply with all applicable laws, including ordinances of any political subdivisions or governing agencies.
20. **Invalid Terms.** If any provisions of this Agreement are held to be invalid or unenforceable, the remaining provisions shall be valid and binding as if the unenforceable provisions were never included in the Agreement.

Client and Consultant hereby agree that any purchase orders, invoices, confirmations, acknowledgments or other similar documents executed or delivered with respect to the subject matter hereof that conflict with the terms of this Agreement shall be null, void and without effect to the extent they conflict with the terms of this Agreement.
25. **Survival of Provisions.** The provisions of this Agreement shall continue to be binding upon the parties hereto notwithstanding termination of this Agreement for any reason.

RE: EMERALD COVE PAVEMENT RESTORATION RECCOMENDATION

Dear Ms. Moncrief,

I have reviewed the City's Emerald Cove Pavement concerns and potential solutions to restore the paving section close to original grades. I will not get into the background, causes, or specific underlying issues in this letter but only recommended options to consider.

Option 1: Fill gutter with asphalt - \$150,000 Estimated

This option is exactly as it sounds; the City will solicit bids to clean and reestablish the historic gutter line and tack and fill with asphalt. This work will require a minimum amount of material but significant labor as the work is almost all to be performed by hand. This is the most economical solution but comes with the following concerns:

1. Because the gutter will be filled by hand, it will not be possible to be perfectly smooth and will be a noticeable difference from the adjacent paving.
2. The cracks and joints in the gutter line will transfer up to the surface of the asphalt relatively fast. This can lead to delamination of the asphalt and be a maintenance and aesthetic problem in the future.
3. Concrete can hold and permeate water that may lead to additional isolated delamination as moisture seeks a way out.

Option 2: Mill and Inlay - \$300,000 – 400,000 Estimated

The City will solicit bids to mill the roadway surface 1.5 inches below the gutter line, patch any areas of failing pavement, and pave back flush with the edge of the concrete gutter. This contract will need to include concrete removal and repair at all locations homeowners have filled the gutter in.

1. This estimate will depend on the lower pavement condition, below the current asphalt surface and there could be additional cost due to what cannot be seen.
2. Construction staging will be very difficult and a temporary burden to the neighborhood as the road is milled several inches in some locations.
3. Some savings may be possible by utilizing a slightly thinner topping.
4. Bids for single streets / neighborhoods are very difficult to estimate due to the amount of road work in the marketplace and could be significantly higher than estimated.

CITY OF WALNUT GROVE: EMERALD COVE PAVEMENT RESTORATION RECCOMENDATION

My professional recommendation is option 2, as a 'BEST VALUE' to the city. Fix it like new now and there should be minimal maintenance and repair for many years into the future. Once an option is chosen, I will assemble a bid package and we should be able to post a bid within two weeks. The bid will need to post for 30 days, with the work potentially being completed by mid October.

Thank you for the opportunity to support the City of Walnut Grove. I look forward to working with you, the council, and staff.

Sincerely,

Aaron Wadley, P.E.

Re: **Monthly Solicitor Services in Walnut Grove Municipal Court;**
Engagement Letter

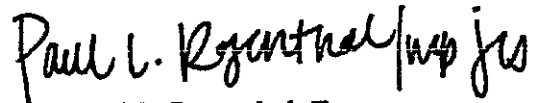

Dear Ms. Moncrief:

Thank you for Mr. Crowley's call last week to my paralegal, Jenna, letting me know that the City of Walnut Grove would like to engage my new law firm of Rosenthal Wright, LLC to continue the monthly solicitor services in the City of Walnut Grove Municipal Court beginning May 1, 2024.

As detailed in my letter of March 27, 2024, I have spoken about this change at length with your municipal court judge and the clerk of court has been made aware of this change as well. There will be no change to our current monthly flat fee of \$750.00 per month charged as approved by your city council nor will there be any change to the quantity and quality of service we provide you as solicitors. My office will continue to send one to two solicitors to each court session based on the calendar and the current case load to make sure that we efficiently process the files there in court to minimize court time. We will continue to see that matters in the Walnut Grove Municipal Court are efficiently and effectively processed on behalf of the City.

If the provisions set forth in this letter are suitable to you, please sign below and return a copy to me. We sincerely appreciate the City of Walnut Grove continuing our working relationship and we look forward to many more successful years together.

Sincerely,

Paul L. Rosenthal, Esq.

ENGAGEMENT AGREED TO AS SET FORTH ABOVE.

TO UNDERSTANDING THE BUDGET

Budget Objective

The City of Walnut Grove's budget is produced in conformance with the guidelines developed for use by local governments and is intended to ensure proficiency in four major categories as follows:

- > The budget serves as a policy document for elected officials and administration to convey how the organization will operate, and what process will be used to adopt the annual budget.
- > The budget serves as an operations guide to the departments that receive funding through the budget. That includes identifying the resources (dollars & staffing) to be provided and the objective to be met.
- > The budget serves as a financial plan, divulging all sources of funding. The budget shows data for multiple years for comparison.
- > The budget serves as a communications device to convey essential information to the diverse groups who use budget information i.e. elected officials, the public, the news, media, bond rating agencies, and investors. This purpose is served through a variety of devices: charts and tables, summaries, assumptions, trends, etc.

Budget Strategy

Adopting a Sustainable Budget

- > Make our budgetary process transparent, simple, and accessible to everyone.
- > Protect and strengthen core services, as well as identify strategic investments.
- > It is our fiscal responsibility to build and maintain reserves so that we can continue services when times are bad.
- > Continue to manage our debt level responsibly.
- > Use recurring revenues for costs or one-time expenses.
- > Ensure all resources are used fairly and effectively.
- > Think short-term and long-term planning and goals

SPECIAL FUNDS

SPLOST FUND

The SPLOST (Special Local Option Sales Tax) Fund operates on the Modified Accrual Basis for both the Budget and Financial Statements. The Revenues for this Fund are received on a monthly basis funded by an optional 1% sales tax levied by any county to fund the building of parks, schools, roads, and other public facilities. The revenue generated cannot be used towards operating expenses or most maintenance projects. Cities within a county reach an agreement on the sharing of these revenues prior to adding a SPLOST plan to the ballot. It is a financing method for funding capital outlay projects in Georgia. The current SPLOST was approved by the voters in 2018 and effective January 2019.

BUDGET

HIGHLIGHTED CHANGES

In order to avoid a tax increase, we will be reverting back to Sanitation being an individual expense for each property owner in January of 2025. Approaching it in this manner means that your property taxes are formulated from a lower base should there ever be a need to increase taxes some day. Experts have advised us that this option is a more practical long term solution to keeping taxes reduced for city residents.

We have included higher amounts on the employee line in hopes to be adding to staff in the near future. By adding staff we hope that will result in lower expenses in several departments, including, Engineering, IT Services, Legal and Code Enforcement. We are adding some employee benefits.

We are going back to “in house” Code Enforcement which will reduce the time and monies needed along with more consistent controls.

Below see some funds we received this year and hope to find similar special revenues in 2024-2025
